

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

Children are always looking for new climbers that provide a challenge. The 1 Panel Rope Challenger is a great option for any size playground. It is small enough to fit in small spaces or it looks great with a wide variety of other equipment on larger playgrounds. This climber is composed of a curved rock climber panel and a rope climber panel. Kids can enjoy traveling along either side of the rock climber and cross over to the rope climber. They can also enjoy climbing the rope climber and once they reach the top, look out over the playground. The 1 Panel Rope Challenger is intended for children ages 5 to 12 years old. This is the perfect age range for a Challenger series climber as this age range is growing and developing their motor skills, strength, and coordination. Be sure to have the proper safety surfacing for your playground as it can decrease injury. Check out our safety surface options online or ask a customer service representatives for suggestions.

Product Specifications

Price: \$2,878.⁰⁰

Model Number: PCH002

Age Range: 5-12 years

Fall Height: 84"

Product Type: Climbing

Safety Zone: 22' 6" x 15' 3"
