4 Foot Single Right Turn Slide

Meets National Standards for: ✓ **ASTM** F1487-17 ✓ **CPSC** Guidelines #325

Product Description

The 4 Foot Single Right Turn Slide is yet another excellent model of freestanding slide, particularly if you do not have space for a larger structure in your playground. This freestanding slide works perfectly well all on its own. The curved shape of the slide reduces its overall footprint and use zone areas. Like our other available slides, the 4 Foot Single Right Turn Slide uses PVC coated steel for its stairs and top deck, which makes for non-slip surfaces and sturdy construction designed to last. Its 3.5-inch posts provide plenty of support, and the decorative entrance to the slide will allow children to imagine they are entering another world. The entrance and slide are made from durable rotationally molded plastic with a smooth surface that reduces friction. The slide and support posts are available in multiple colors.

Product Specifications

Price: $4,754.^{00}
Model Number: PSL016
Age Range: 2-12 years
Fall Height: 48"
Post Diameter: 3.5-inch
Product Type: Turn Slides
Safety Zone: 17’ 3” x 22’ 6”
