Product Description

Whether your playground could use a bridge between existing equipment or you're simply in the market for some inclusive playground equipment, the Snake Balance Track will be a great addition. Featuring curved guardrails made from galvanized steel, the Snake Balance Track allows for safe, effective movement from one end of the walking path to the other. The perforated steel deck moves in a wave pattern to add a fun challenge for children working on their mobility. Additionally, the specific colors of the Balance Track can be customized to better fit the color scheme of your existing playground equipment. The Snake Balance Track has slightly varying heights throughout the pathway to facilitate a fun, safe walking experience geared toward children who may not be able ...
