

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

### Product Description

With its relatively low height, the Quadruple Balance Step Circle Station is great for users of all ability levels. Balance skills are an important part of a well-rounded physical repertoire, and the Quadruple Balance Step Circle Station adds another layer of fun to the typical balance beam experience. Designed especially for those with physical impediments, this balance unit helps promote foot-eye coordination, as well as general balance skills. Although users may stumble at first, the relatively low height of the Quadruple Balance Step Circle Station diminishes the risk of injury, and soon, users will learn to put one foot in front of the other with grace and ease. Younger users will relish the opportunity to use the Quadruple Balance Step Circle Station with friends and compete against each other to see who can reach the middle whe...
