Recreation Experts

ONE OF A KIND

As experts in creating *one-of-a-kind* playgrounds, our creative design team has been trusted with designing *themes* ranging from space to the ocean floor — and different activities, objects, and locations in between!

Handcrafted in the USA, we're one of the premiere manufacturers that can create themed playgrounds in either steel or recycled material. We will work together to tell the *unique story* of your community through our themed playgrounds.

TAKE YOUR PICK

You want *choices*. We've got them — along with the design expertise to take your ideas and make them *real*. Whether you want long-lasting steel or recycled materials that stand up to harsh salt air, let's combine your *imagination* with our *expertise* to reimagine the way children play.

3.5" Economy Series Ages 2-5, 2-12, 5-12

This budget-friendly series features a 3.5" post system, an 8' max deck height, and offers design flexibility for small spaces.

5" Series Ages 2-5, 2-12, 5-12

With its sturdy design, this 5" steel post and deck system is easy to install, offers the most design flexibility, features an 8' max deck height, and is ideal for inclusive play designs.

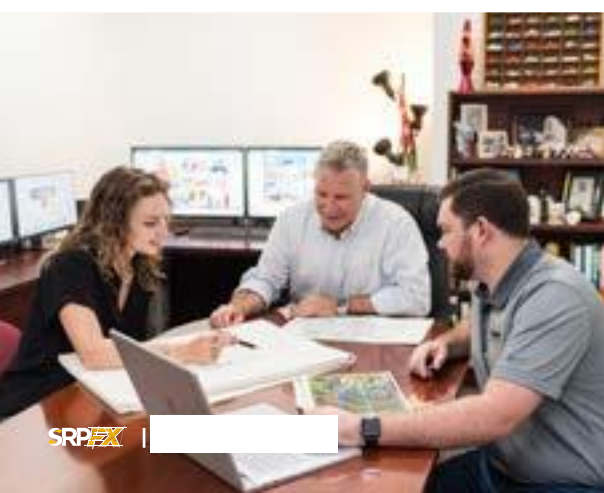

Recycled Series Ages 2-5, 2-12, 5-12

Our Recycled Series is an ideal option for natural play or coastal environments. The decks, 6" posts, and barriers utilize 100% recycled material.

All of our playgrounds feature a clean, no-clamp connection.

THE CREATIVE MINDS OF **SRPFX**

From space walks to battling pirates, the SRPFX Design Team creates play environments where anything is possible. They are innovators and creatives who think outside the box. They approach projects with passion and a creative spark to bring your vision to life. Work with us to create one-of-a-kind themes that **tell the unique story** of your community.

The Design Process

1

Consultation & Site Plan

Listening to your needs and wants, we create a theme and site plan that tells the unique story of your community. You'll see options for the design, theming, and custom panels for your structure in addition to surfacing, freestanding items, site furnishings, shade, and more.

2

Safety Review & Proposal

Our designers—who are Certified Playground Safety Inspectors (CPSI)—review your site plan for safety and functionality. Your proposal will include a site plan, CAD drawing, renderings, final cost, installation plan, and expected lead time.

3

Manufacturing & Installation

Your SRP Certified Partner will schedule the installation and construction of your new play environment in time for the ribbon-cutting ceremony.

We Make It Easy to Buy

Superior makes it easy to buy our equipment by having a nationwide team of SRP Certified Partners and by having contracts with the following organizations.

Dennis P. Collins Park Playground Pays Homage to Locally Famous Amusement Park

Dennis P. Collins Park is the largest municipal park in Bayonne, NJ. Two phases of substantial renovation started in the early 2020s. The second phase included an amusement park themed play environment that pays homage to the former Uncle Milty's Amusement Park or "Miltyville," that used to occupy the grounds. It was one of the most popular attractions in the city during the 1950s and 60s until it was closed and demolished in the 70s.

Many details and elements were thoughtfully and intentionally included to reflect the historical significance of the area. This includes a roller coaster structure, amusement tower, shaded area of spring riders depicting a carousel, and a Miltyville ticket booth, an ode to the original structure.

"When you think about Uncle Milty's we also have to try to preserve our past," Mayor James Davis said. "I'm always going to try to keep our past a part of our future. That's what we need to do so that we can never forget everything and where we came from."

COASTAL

Seas the fun! Great for beach towns or anywhere looking to create a nautical theme, our collection of coastal-themed play structures include unique elements such as pirate ships, lighthouses, and more.
