Product Description

The colored Pebbles that make up the Pebble Balance Course are easy for kids to use; in doing so, they'll be improving their sense of balance as well as their overall physical fitness level. Arranging the individual Pebbles is perhaps best done by putting them in a straight line, but to facilitate an extra challenge, they can also be spaced out unevenly so kids have to leap and bound at different angles in order to complete the course. One child can fit on each Pebble, and with five Pebbles in a row, parents will love the chance for a photo opportunity with two or more kids standing on their respective Pebbles. Young athletes will also benefit from the Pebble Balance Course, as most sports involve some level of balance-related skills.
